

CARBURETOR PARTS AND FUEL LINES

BLP CUSTOM FUEL LOG

BLP offers a telescopic fuel log for Holley® Performance carburetors. One part number fits all Holley® carburetors from a 0-3310 vacuum secondary to a 4500 dominator. Log is made in (2) parts with one telescoping inside the other and is sealed with (2) Viton® o-rings which enables it to be shortened or lengthened with ease. Equipped with choice of BLP extended fuel inlet fittings for Holley®, Braswell™ or Demon® fuel bowls. Also can be supplied with -8AN or -10AN inlet fitting. **Please add -8 or -10 to rear of part number to specify.**

PART NO.	APPLICATION	COLOR
75111B	Holley®	Black
75111G	Holley®	Grey
75111R	Holley®	Red
75111P	Holley®	Purple
75112P	Demon®	Purple
75113P	Braswell™	Purple
75114G	2-barrel	Grey

CARBURETOR FUEL LINES

Our easy to install custom built fuel lines are designed to provide maximum fuel flow. Only top quality hose and accessories are used. On the fuel inlet nuts the washer seat area is machined round to prevent interference with the bowl. The hex area is extended where the wrench is used to tighten the fitting. This makes it easy to tighten the fittings.

PART NO.	APPLICATION
7510	-6AN fuel line kit 4150 series.
7511	-8AN fuel line kit 4150 series.
7522	-8AN fuel line kit 4150 series.
7512	-8AN fuel line kit 4500 series.
75221	-8AN fuel line kit 4500 series.

METERING BLOCK AND BOWL GASKETS

BLP offers an improved metering block and fuel bowl gasket for the 4150 and 4500 Series performance carburetors.

Features are:

- Material is compatible with alcohol and racing gasoline.
- A green fluorocarbon release coating is applied.
- Bowl gaskets have .125V" accelerator pump passage.
- Metering block gasket have .302" main well exit.
- 4500 Series gasket have intermediate feed hole properly located.

The metering block gaskets are available in (2) different compressions; one is softer than the other. This is done to satisfy the user that wants a firm gasket or a softer more compressible gasket. (CN)

PART NO.	APPLICATION
4794	BLP reusable bowl screw gaskets.
5400	BLP reusable bowl gasket for 4150 - 4500.
5401	BLP reusable 2-circuit metering block gasket, firm material.
5401CN	BLP reusable 2-circuit metering block gasket, softer material.
5402	BLP reusable 3-circuit metering block gasket, firm material.
5402CN	BLP reusable 3-circuit metering block gasket, softer material.
81911-1	Holley® reusable bowl gasket (blue).
81907-1	Holley® reusable 2-circuit metering block gasket (blue).
81908-1	Holley® reusable 2-circuit secondary metering body bowl gasket for vacuum secondary carburetors (blue).
81899	Holley® secondary metering plate gasket.
82215	Holley® reusable 3-circuit metering block gasket (blue).
