

**CARBURETOR TO INTAKE MANIFOLD GASKETS**

One of the leading causes of base plates cracking is the use of improper carburetor to manifold gaskets. Most gaskets are too thick (.062") and the materials are too soft. They become "spongy" from absorbing the fuel being used. This quality material along with a reduced thickness to .047" greatly reduces the risk of cracking base plates.

PART NO.	APPLICATION
8050	Open hole 390CFM 3.270" x 3.330".
8056	4-hole 390CFM.
8051	Open hole for 600-850CFM, 3.560" x 3.620".
8055	4-hole for 600-850CFM.
8052	Open hole for 4500 series.
8053	4-hole for 4500 series with 2.000" throttle bore.
8053-1	4-hole for 4500 series with 2.100" - 2.200" throttle bore.
8054	Open hole for 350-500cfm., 2-barrel.
4523	Air Cleaner seal for 4150 series carburetors.

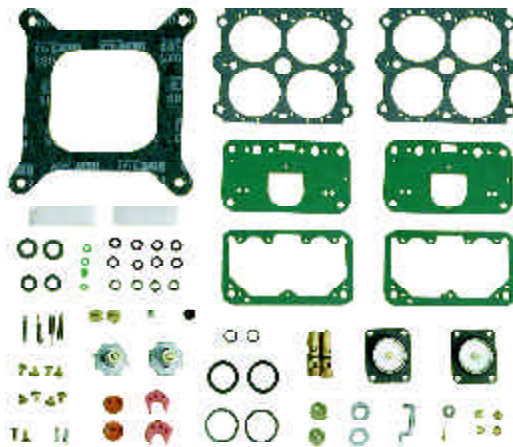

**BASE PLATE TO MAIN BODY GASKETS**

PART NO.	APPLICATION
8700	350CFM.
8966	500CFM.
8687	390CFM.
8713	600CFM.
81031	650-750CFM.
81158	830-850CFM.

**MISCELLANEOUS GASKETS, SEALS AND O-RINGS**

PART NO.	APPLICATION
81597	Gasket, power valve.
4794	BLP reusable bowl screw gaskets.
8482	Gasket, fuel inlet nut, 9/16" thread.
81185	Gasket, fuel inlet nut 7/8" thread.
8657	Holley®OEM bowl screw gasket.
75302	Gasket, aluminum fuel inlet nut for 7/8 x 20 fittings.
8540	Gasket, float bowl sightscrew.
8776	Gasket, needle and seat adjusting nut.
8777	Gasket, needle and seat lock screw.
8844	Gasket, pump nozzle.
8659	Vacuum secondary housing cork seal.
27152	Idle mixture screw cork seals, Holley®
271521	BLP idle mixture screw seal (urethane).
9020-006	O-ring for fuel transfer tube.
9020-008	O-ring for needle and seat.

**BLP OVERHAUL KITS**

These BLP overhaul kit only use genuine Holley® or BLP Pro-Series components for the rebuild of your race carburetor, alcohol or gas.

**GAS KITS**

PART NO.	APPLICATION
4560	350-500 2-barrel.
4562	390CFM.
4565	0-1850 and 0-3310 vacuumsecondary.
4566-30cc	600-850CFM with a 30 cc accelerator pump.
4566-50cc	600-850CFM with a 50 cc accelerator pump.
4568	785-890CFM BLP Weekend Warrior carbs.
4572	4500 3-circuit.

**ALCOHOL KITS**

Kits come with 50cc accelerator pumps. *Do not come with needle and seats. Please request when ordering kits.*

PART NO.	APPLICATION
4561	350-500 2-barrel.
4567	600-850CFM.
45721	BLP 4500 3-circuit.
