

BLP DRIVE IN RESTRICTORS FOR AIR AND FUEL

BLP drive in restrictors are machined from brass and designed to fit into standard Holley® main bodies and metering blocks. They can also be used for fuel jets. They are available in 2 different O.D. sizes .122 and .158.

5541 series has a .122 outside diameter. The last 3 digits of the part number is the size.

5541- size

Available sizes:

Blank	.014	.018	.022	.024	.026
	.028	.029	.030	.031	.032
	.034	.035	.036	.037	.038
	.040	.042	.046	.052	.055
	.061	.062	.067	.070	.073

5542 series has a .158 outside diameter. The last 3 digits of the part number is the size.

5542- size

Available sizes:

	.028	.029	.031	.039	.042
	.052	.055	.057	.059	.062
	.070	.072	.076	.078	

MAIN JETS – HOLLEY®

Genuine Holley® main jets are listed by a stamped number with a corresponding drill size number. The size listed is for reference only and actual control of size is by flow check. Some jets show the same drill size but with all Holley® jet a higher stamped number indicates a higher average flow.

METERING BLOCK MACHINING FIXTURE

This unique fixture will allow you to easily and accurately machine any passage in a Holley® metering block. The kit comes with the Spindex rotation fixture and a 5C collet.

PART NO.	APPLICATION
7883	Metering block machining kit.

JET TOOLS AND COMPONENTS

Fine tuning your emulsion system or checking jet sizes require a pin gauge set. BLP offers (2) low cost pin gauge sets.

PART NO.	APPLICATION
7880-1	Pin Gauge set .011-.060.
7880-2	Pin Gauge set .061-.250.
7881-4/40	4 x 40 Air corrector tap.
7881-8/32	8 x 32 Air corrector tap.
7881-10/32	10 x 32 Air corrector tap.
7881-12/24	12 x 24 Bowl screw tap.
7881-1/4	1/4 x 32 Holley® jet tap.
7881-350	350 x 32 L Series jet tap
7881-5/16	5/16 x 32 Holley® alcohol and Holley® H Series jet tap

JET HOLDERS

Convenient way to store your main jets and air correctors. Holds (36) BLP or Holley® main jets, (8) 10/32 air correctors and (2) power valves. Machined from .250" billet aluminum.

PART NO.	APPLICATION
7870R	For standard jets with 1/4 x 32 threads.
7870H	For alcohol jets with 5/16 x 32 threads.
7870L	For alcohol jets with 350 x 32 threads.
