

COMPLETE RACING CARBURETORS AND SPACERS

PART NO.	CFM	FUEL	CUBIC INCH	APPLICATION
4024-1.405	970	Gas	365-420	750 main body with an 850 base plate. This combination offers the throttle response of a 750CFM carburetor with added CFM of an 850CFM carburetor. Has smooth throttle response for dirt tracks.
4027-1.405	990	Alky	365-420	Alcohol version.
4024-1.420	1005	Gas	406-430	High horse power high compression S/B.
4025-1.420	1005	Alky	406-430	Alcohol version.
40290DL	1080	Gas	406-430	830HP with down leg boosters. For high horsepower S/B.
4031DL	1080	Alky	406-430	Alcohol version.
40290AB	1060	Gas	406-430	830HP with billet annular boosters. For high horsepower S/B and B/B modified.
4031AB	1060	Alky	406-430	Alcohol version.
40360DL	1115	Gas	410-468	850HP with down leg boosters. For high horsepower S/B and B/B modified.
4037DL	1115	Alky	410-468	Alcohol version.
40360AB	1085	Gas	410-468	850HP with billet annular boosters. For high horsepower S/B and B/B modified.
4037AB	1085	Alky	410-468	Alcohol version.

The following carburetors incorporate an intermediate or third circuit.

PART NO.	CFM	FUEL	CUBIC INCH	APPLICATION
40293DL	1080	Gas	406-430	830HP with down leg boosters. For high horsepower S/B.
40293AB	1060	Gas	406-430	830HP with billet annular boosters. For high horsepower S/B.
40363DL	1115	Gas	410-468	850HP with down leg boosters. For high horsepower S/B and B/B modified.
40363AB	1085	Gas	410-468	850HP with billet annular boosters.
40373AB	1085	Alky	410-468	Alcohol version.
40462	1165	Gas	410-468	1050HP Dominator with billet annular boosters. For high horsepower S/B and B/B modified.
4049	1165	Alky	410-468	Alcohol version.

Drag Race Carburetors. Specify if the carburetor is mounted backward.

PART NO.	CFM	FUEL	CUBIC INCH	APPLICATION
40225	970	Gas	355-406	750HP for S/B and moderate horsepower B/B.
40235	970	Alky	355-406	Alcohol version.
40245	990	Gas	355-468	750HP main body with an 850 base plate. For high horsepower S/B and B/B up to 700 horsepower. Very consistent with good 60 foot times.
40255	990	Alky	355-468	Alcohol version.
40255TS	990	Alky	355-468	Alcohol version for throttle stop.
40365DL	1115	Gas	468-540	850HP with down leg boosters. For moderate horsepower B/B up to 540 CI.
40375DL	1115	Alky	468-540	Alcohol version.
40365AB	1085	Gas	468-540	850HP with billet annular boosters. For moderate horsepower B/B up to 540 CI.
40375AB	1085	Alky	468-540	Alcohol version.

4500 Dominator Series for Drag Racing.

NOTE: These carburetors are flow tested with a .990" diameter booster skirt and BLP throttle shafts. The BLP throttle shafts flow 15CFM more than the stock Holley® throttle shafts.

PART NO.	CFM	FUEL	CUBIC INCH	APPLICATION
4044-1050	1190	Gas	410-540	1050HP for S/B and B/B up to 540 CI.
4045-1050	1190	Alky	410-540	Alcohol version.
4044-1150	1285	Gas	540-572	1150HP for 540 to 595 CI.
4045-1150	1285	Alky	540-572	Alcohol version.
4044-1250	1445	Gas	550-650	1250HP for large cubic inch engines.
4045-1250	1445	Alky	550-650	Alcohol version.
